THIS IS UNEVALUATED INFORMATION

1. The RFT radio plant in Erfurt currently receives mica parts from the Scherb and Schwer firm at 8 Kottbuser Ufer, Berlin SO 36 (US Sector). *
2. The Scherb and Schwer firm receives the mica, through unidentified channels, from a firm in London which delivers only for payment in foreign currency. The Scherb and Schwer firm is said to maintain a branch office in a small town near Berlin-B, probably in Bernau (N 53/2 96), to transact this business.

* Comment. Prior to the war, the Scherb and Schwer firm was one of the few special firms which delivered mica for tubes and supplied such firms as Telefunken and Lorenz in Berlin. The AEC der Deutschen Wirtschaft, 1950 issue, lists Scherb and Schwer, previously Jaroslaw's Erste Glimmerwarenfabrik at 8 Kottbusaer Ufer, Berlin SO 36, and Turbonitwerk Scherb and Schwer AG (VWB) at 34/35 Lehder Strasse, Berlin-Neussensee.
